

## Fashion And Design

A) *Listen and repeat. Shadow with a partner.*

Design is the realization of an idea or concept into a drawing, pattern, plan, or model, on which the actual production of an item is based, and which helps achieve the item's designated objective.

Fashion is a general term for a popular style of clothing, make-up, product, or behaviour, and is often much admired.

*Now do the same for the quotes below.*

"Design is not just what it looks like and feels like. Design is how it works."  
(Steve Jobs)

"Fashion is something barbarous, for it produces innovation without reason and imitation without benefit." (George Santanyana)

"The mother art is architecture. Without an architecture of our own we have no soul of our own civilization." (Frank Lloyd Wright)

"You can design and create, and build the most wonderful place in the world, but it takes people to make the dream a reality." (Walt Disney)

"The universe we observe has precisely the properties we should expect if there is, at bottom, no design, no purpose, no evil, no good, nothing but blind, pitiless indifference." (Richard Dawkins)

"I don't design clothes, I design dreams." (Ralph Lauren)

"Fashion is a form of ugliness so intolerable that we have to alter it every six months." (Oscar Wilde)

"Dress shabbily and they remember the dress; dress impeccably and they remember the woman." (Coco Chanel)

Art produces ugly things which frequently become more beautiful with time. Fashion, on the other hand, produces beautiful things which always become ugly with time. (Jean Cocteau)

"He's always asking: 'Is that new? I haven't seen that before.' It's like, Why don't you mind your own business? Solve world hunger. Get out of my closet."  
(Michelle Obama)
